

New thinking about retrenchment pruning

Arboricultural Association Conference- Exeter 2019

Reg Harris

Ratio:

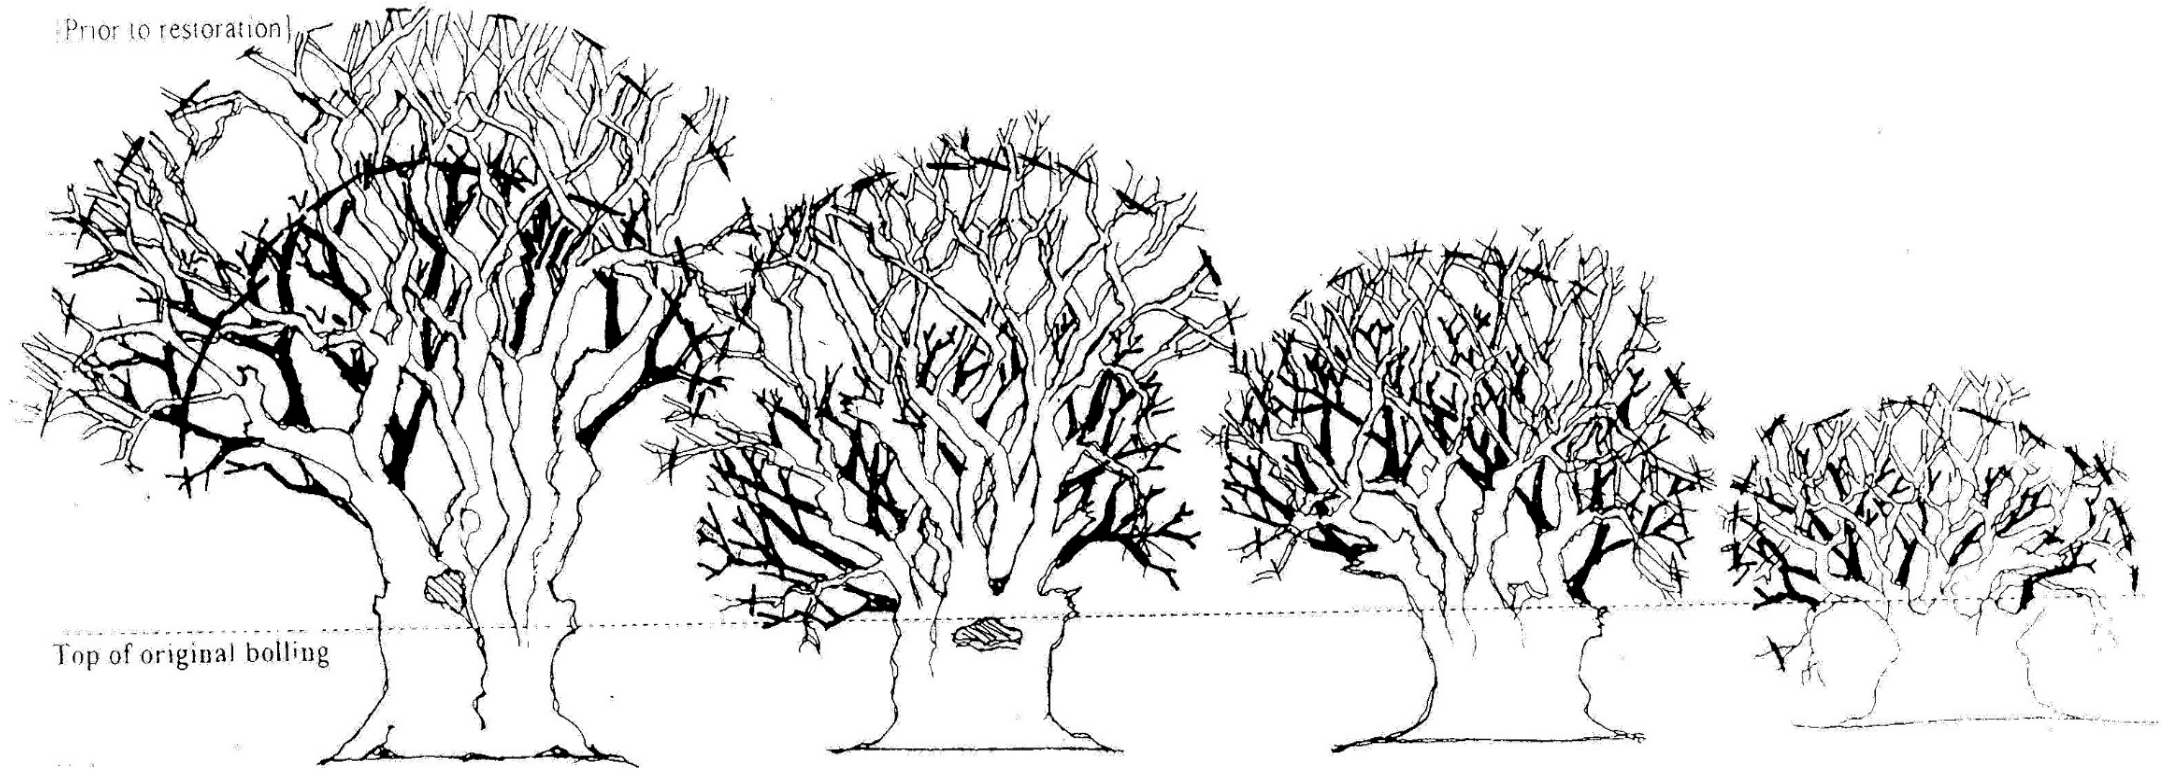

4:1

3:1

2:1

1:1

[Prior to restoration]

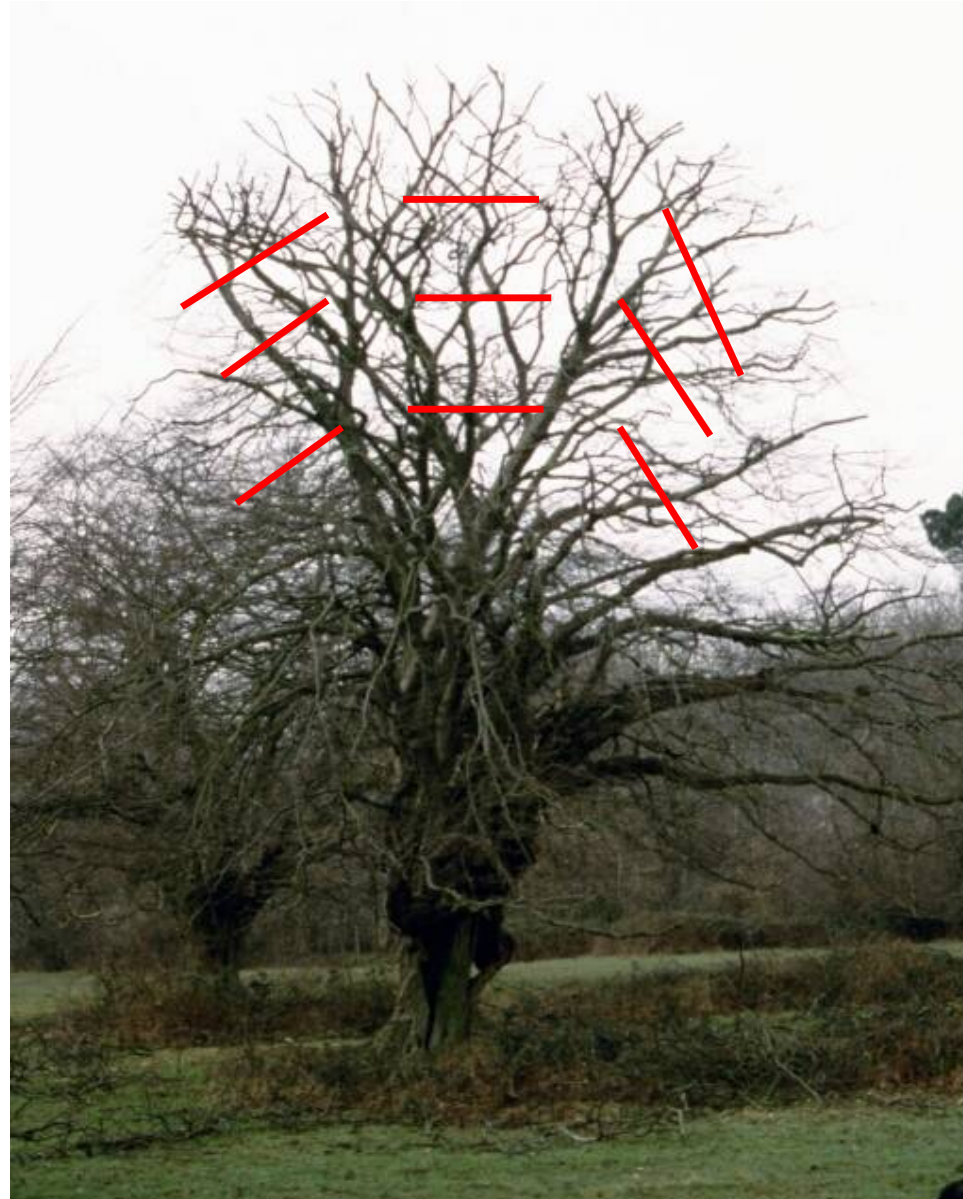

Top of original bolling

Retrenchment pruning- phased cutting over 3 decades

Second cut

Third cut

Fourth cut

Before cutting

End of branch removed

Shorten two more >

Completed. Imagine this principle on a much larger scale

Thank you for listening-
